

Welcome to the newest issue of the Cedars CanSupport Information Bulletin

Vol. 1, Issue 16
November 2020

News from Cedars CanSupport

**Cedars CanSupport
ONE-TO-ONE TELEPHONE SUPPORT**

We are here, a phone call away, to provide support over the phone if you wish.

Our volunteers are specially trained and will be able to assist you during and after treatment. If you are feeling overwhelmed and looking for additional emotional support via telephone, please contact us.

Our Telephone Supportive Service is private and confidential. It is available for patients, during and after cancer treatment, and for family members.

***Please take note that we do not offer medical advice. Always consult with your medical team.**

Our next online Art Therapy workshop is Thursday, November 26, 2020

Joignez-vous à nous pour un atelier d'art-thérapie. Ceci est une occasion pour rencontrer d'autres patients et proches aidants, pour compléter un projet artistique et partager.

Join us for our Art Therapy Workshop. This is an opportunity to come together with fellow patients and caregivers, to make art and share.

Our next Group Distance Reiki session is Thursday, November 19, 2020

REIKI à distance en groupe

Animé par Maddalena Gonzo,
Maître de Reiki certifiée de CanSupport des Cèdres

Le Reiki à distance peut être tout aussi efficace que le Reiki en personne, en apportant les mêmes bienfaits : relaxation profonde, meilleur sommeil et meilleure digestion, sensation de bien-être. Profitez du Reiki dans le confort de votre maison grâce à cette pratique en groupe pendant laquelle vous n'avez qu'à vous détendre.

Group Distance REIKI

Presented by Maddalena Gonzo,
Cedars Cansupport Certified Reiki Master

Distance Reiki can be as effective as Reiki in person, in providing the same benefits: profound relaxation, better sleep and digestion, general sense of wellbeing. Enjoy Reiki from the comfort of your home with this group practice during which you just need to relax.

Book Suggestion of the Week

Prostate Cancer 4th ed.
by Fred Saad & Michael McCormack

FOURTH EDITION

Entirely revised
and expanded

PROSTATE CANCER

Fred Saad, M.D.

Michael McCormack, M.D.

AP Annika Parance Publishing

Photo Credit: Renaud-Bray

Excerpt from back cover: *"In Canada, one man in seven risks developing prostate cancer. It is the most frequently diagnosed cancer in men. While most commonly diagnosed after age 60, prostate cancer can also occur in men in their forties and fifties.*

Like other forms of cancer, this disease affects not only the patient but

also his spouse and family. At the time of diagnosis, there are many questions that need to be answered. This book provides a simple, concise, practical guide to help patients understand prostate cancer. Now in its fifth edition, it has, over the years, become an indispensable reference work. Written by Canadian medical specialists, it is an outstanding source of information on the prevention and causes of prostate cancer, its early diagnosis and the treatment options available, including their side effects and complications."

A free PDF version of this book is available on the website of PROCURE.

NEW OSTOMY GUIDE NOUVEAU GUIDE SUR LA STOMIE

AVAILABLE NOW • DISPONIBLE MAINTENANT

MUHC Patient Education Office Cancer Guides

"The Cedars MUHC Patient Education Oncology Guides were developed for patients and their families by the MUHC Patient Education Office and MUHC clinical content experts and healthcare teams.

Using pictures, images and animations, they can help to clarify, and individualize the complexities of modern diagnoses, treatments and care trajectories. In this way, MUHC patients can better understand their disease, and take a more active part in their treatment plans and care management. The Guides show care as it happens at the MUHC."

The Cedars Cancer Guides are all available online in digital format.
