Cedars CanSupport Program Descriptions

Art Therapy Group – Connecting through art expression (Weekly) In-person

Participants are invited to explore and connect their experiences related to their cancer journey through various approaches in art making. Activities might include drawing, painting, sculpture, collage, or even just talking about your art process with other group members. The goal of the group is to provide a supportive environment for everyone to express and connect with others who are going through similar life experiences. Lead by a trained art therapist, who will be able to provide guidance and support as needed. No prior art experience necessary.

The group is offered for individuals with cancer, from the time of diagnosis up to 2 years. In order to accommodate all requests, participation will be limited to 8 sessions. If the workshop is full and/ or you are interested in participating in additional sessions, you will be kindly placed on the wait list.
